Subject: RE: F.J. Doyle Site

Good Morning Gary,

Are the removal action levels the same for FJ Doyle as for Henryetta? If they're the same, we can produce an action level comparison spreadsheet for Jason to complete the map request.

Let me know and we'll get to it.

Subject: F.J. Doyle Site

Sean:

Can I get you guys to rework this map? What I need is the following:

1. Highlight the PCB Grids (1 or greater); Already done in map above – just confirm
2. Highlight the TSCA grids (50 or greater): DRA08, EAS06, EAS07, FJD03-06, FJD04-02, FJD04-04, FJD04-07, FJD04-08 (Assume that if the grid is TSCA, it is TSCA to clean)
3. Some Cross Hatch Scheme for Excavation Depth (ex. 0-6, 6-12, 12-18, 18-24, 24 – 36): 0-1 will be considered 0-6

I am hoping you can get this to me tomorrow.

Thanks
