Yvette –

The next round of SH Bell data is ready for the website at: https://www.epa.gov/il/sh-bell-chicago-air-monitoring-data

TWO FILES –

1. Attached is the September 2017 meteorological data – it can be added to the table at the bottom of the above web link.

2. The other file is the CONTINUOUS Hourly PM10 Data from the FEM PM10 monitors. You can add to the first table on the web link above. The far left column

should be edited to March – September 2017.

Let me know if you have any questions.

Thanks!
