Subject: FW: Update on LAR Issue Resolution

Hi Adrian and others-

I wanted to make sure this got passed along to you all today. As Chris noted, we are working on the website update and we will let you know when that goes live – but hopefully it is all set by the end of next week at the latest.

We will be in touch on next steps as we move to resolve additional issues by the end of December. Thanks again for all your time and effort on these issues.

Candice

Subject: Update on LAR Issue Resolution

Hello Pat and Jim:

Attached please find a letter dated today from Acting Regional Administrator Bob Kaplan confirming the resolution of an additional 20 issues pertaining to the ongoing Legal Authority Review (LAR). By our count, 41 of the 75 issues originally identified have now been resolved, and I know our respective teams are hard at work on the remaining issues. The EPA team is in the process of finalizing the materials that will be used to update the website to reflect the

resolution of these 20 additional issues.

Thanks.

Chris
