Hi Candice,

Thanks for your comments. We appreciate all of you at EPA taking a look at this point in the process and for working with us throughout the rule development process. Sending the comments to us via email is sufficient; no need to submit them to an "official" mailbox.

Again, thanks much,

Jason

Subject: FW: EPA Comments on Draft Rule Package 5

Hi all.

If you haven't received this already, here are EPA's comments on rule package 5. As I indicated in a previous message, there were comments with regards to antibacksliding that we did not discuss on our call. If you have questions or would like to further discuss these comments (especially with regards to antibacksliding), please let us know.

Also, let us know if you would like us to send this to the official mailbox for public

comments.

We look forward to continuing to work with you on the LAR issues.

Candice
