Looks like Jeff emailed Sarah and Darius about the Wolverine code this morning as well on behalf of a few.

Subject: removal action code for Wolverine Worldwide

Darius/Saray,

We need a removal action code created and added to our timesheets for the Wolverine World Wide Site (C593) I think it would be C593RV

We have an Order in Place and need to start tracking Order related time separate from the remedial actions of the past.

Please add the code to the following EPA staff timesheets:
SFD: Jeffrey Kimble, Jason El-Zein, Robert Kaplan, Mathew Mankowski, Tricia Edwards, Elizabeth Nightingale

WD: Jennifer Wilson, Kimberly Harris

ORC: Jacqueline Clark, Thomas Williams, Gillian Asque

For ORC and WD staff. Please charge time to this Removal Action code for hours in direct support of the 106 Order, not for PFAS coordination with MDEQ. I assume we need clear and separate lines on this for cost recovery purposes.

Thank you, Jeff Kimble, US EPA
