Subject: RE: Wolverine

Just working through the CERCLA Order implementation. WD likely needs assistance looking through the 104e response for PFAS data from Wolverines sampling.

I will let you know if I run into areas where I could use help if you've got time, thanks!

Thank you,

Subject: Wolverine

Hi Jeff –

Since we're both back from hurricane deployment, I thought I'd check and see if there are any updates on Wolverine that you wanted to share? I haven't checked in with our drinking water folks lately to see if they need help reviewing any documents, etc… But, before I touch base with them, I thought I'd get the scoop from you.

Hollar if there is anything I can help you with!

-Peg
