Carol,

As a follow-up to the meeting we had at EPA on Wednesday, I suggest that a copy of the 2004 report submitted by Northrop-Grumman to NYSDEC should be requested. This was an earlier submittal that was stated as being significantly updated in preparing the 2013 PRR report. I understand there was no formal review of the earlier submission, but I would like to refer to it in context with related site issues we are attempting to address.

Rob
