Oh I was confused. Mr. Nusimovich, not Mr. Sergio, is coming with Tita. Just the two of them.

Sorry for the confusion.

Ok that is right, thanks Jae.

Is Mr. Nusimovich coming?

I think Mr. Sergio will be able to answer all the questions. It's been frustrating because it has taken so long. But I think with the questions given to them in advance we should be able to get through everything.

It might be better to keep it technical, without Kevin present since Tradebe is not bringing their attorney. Just a thought.

Actually, it is Mr. Nusimovich, who is President and Chief Engineer.

Yes Mr. Nusimovich, our President, is technical and he is coming to the meeting wearing his Engineering hat! He will speak of SDS operations.

Should you invite your Managers, respectfully we will leave that up to you. However before, during or after the meeting we look forward to the opportunity in meeting them.
Thank you again for this opportunity.
Respectfully,
Tita

Thanks Tita.

Right now, Michael Valentino (Engineer from Compliance Section) and Jae Lee (Engineer from Permitting section) are scheduled to attend.

Is your President a technical person? Should we invite our managers?

Jae,
There will not be a non-technical management present, so far it will be our President and myself.
Who will be attending from Regulatory?

Who would attend this meeting? Will there be any management and/or attorney to be attended?

Mr. Lee,

We will come to your office on April 12, 2017. Due to Sergio's flight schedule can we make it later morning or afternoon?

Also no apologies needed but thank you. Perhaps there will be another opportunity we can take you both through the Facility.
Respectfully,

Tita,

We need to change our site visit schedule.

Can you come to Chicago on April 12, Wednesday, instead?

My apology for the sudden change, but it seems 14th Friday seems hard to make it.

Your early response for this change is appreciated.

Jae
