Carla and Lisa- EPA also would be interested in learning about any school district sampling efforts that reflected East Chicago and Indiana actions to address concerns about lead in drinking water. Thank you!
Best-
Mary

Subject: School District Sampling Results

Hey Carla,

If you are able to get the sampling results from the school district, please forward them on to us and we will see that they get reviewed (just to make sure the QA/QC is adequate) and if so we can forward them on to IFA who is the entity planning to conduct the sampling.
