Hi all:

I've spoken with staff from all three congressional offices this afternoon and none have expressed interest in a conference call with EPA right now. (Rick, I'll let the RA know.) I'll plan to contact them again when we're about to release the proposed plan, announce the public hearing, etc.

I've also committed to sharing a copy of our response to the city's letter when it's ready.

By the way, Sen. Levin's staff has asked us to be sure to explain the difference in the estimates for total removal ($366m vs $118m) to the public when the time's right. I told him that we anticipate getting that question -- and many others.

Any questions, please let me know.

Thanks,
Denise

Thanks, Michael. I'll offer a call now to all three offices and let you know if we have any takers.

Denise,

I am pretty open the next few weeks except for the meeting with Visclosky on USS Lead, but we have not yet finalized that date (right Ronna?). I think that I may take a furlough day on Monday the 29th.
Michael

Jim & Michael:

Rick briefed the RA on the Allied Paper site at senior staff this morning. She's asked that we offer to schedule calls soon with staff for Rep. Upton and Sens. Stabenow and Levin to tell them about our upcoming plans and to answer their questions.

Will you please let me know your schedules for this week and next? I'll keep you posted as I hear back from them.

Thanks,
Denise
