Jamie,

Ex. 5 Deliberative Process (DP)

Recommend referring questions regarding the proposal to the HRS Doc Record and docket.
If people want to comment or have additional information regarding the proposal, the FR notice sent with my prior email has info on how to comment on the proposed rule.
The FR Notice and the HRS Doc Record are available here: https://www.epa.gov/superfund/current-npl-updates-new-proposed-npl-sites-and-new-npl-sites
This site also has a summary of the comment process: https://www.epa.gov/superfund/public-comment-process#docket
The preferred way to send comments would be to submit through Regulations.gov, more info is available here: https://www.regulations.gov/document?D=EPA_FRDOC_0001-24726
The docket ID for the Highway 100 and CR 3 NPL proposal is EPA-HQ-OLEM-2019-0486, I am checking for a link directly to this docket because it does not appear to be currently active at regulations.gov.

General questions for EPA can be referred to Heriberto, and we can work on a response.

Thanks, Pat! We appreciate the updates. If we receive any questions/comments directly to us, how would you like us to handle that? Can we answer questions that the public has during this time? If you could provide us some guidance as to what we can provide people vs. what we cannot, I would really appreciate it.

Thanks!

Subject: RE: Highway 100 and CR 3 NPL proposal update

The NPL proposed rule (84 FR 60357), which proposes adding Highway 100 and County Road 3 and four other sites to the NPL, was published in the Federal Register today, November 8, 2019. The FR notice is attached. The comment period for the proposal is scheduled to end on January 7, 2020.

EPA's website on newly proposed and finalized NPL sites has been updated:
https://www.epa.gov/superfund/current-npl-updates-new-proposed-npl-sites-and-new-npl-sites

Please let me know if you have any questions.

Subject: Highway 100 and CR 3 NPL proposal update

All:

We were notified by EPA HQ that publication of the Federal Register (FR) Rule proposing the Highway 100 and CR 3 site to the NPL is now scheduled to occur this Friday, 11/8/19.

The HRS Doc Record was pre-published and is available at this link https://www.epa.gov/superfund/current-npl-updates-new-proposed-npl-sites-and-new-npl-sites, under Proposed NPL Site/*Highway 100 and County Road 3 Groundwater Plume*/HRS Documentation Record. Let me know if MPCA would like to be provided all the references associated with the Doc Record.

The process for public review and comment on the NPL proposal is discussed in the pdf '*Federal Register* Pre-Publication of the Current NPL Proposed Rule', located at the top of that webpage. This link will be updated when the FR rule is published on Friday.

Please let me know if you have any questions or would like to discuss.

Subject: NPL Rules Press Release Issued and Superfund web site updated

The HQ press release for the fall 2019 proposed and final NPL rules was issued a few minutes ago and can be found here:
https://www.epa.gov/newsreleases/epa-updates-superfund-national-priorities-list-advancing-agencys-commitment-protect

The Superfund web site has been updated with the new site information and can be found here:
https://www.epa.gov/superfund/current-npl-updates-new-proposed-npl-sites-and-new-npl-sites

The Regional Press Release is expected to be issued later today.

Publication in the Federal Register is still expected to be on or around November 7. We should be able to confirm the publication date early next week and will update you then.
