Panasonic

Issue 3: WQ (First 2 Points)

Footprint changed — existing NPDES permit?

1. Finalize 404 permit
2. Revise 632 permit
3. minor(?) revisions to NPDES

Ag: "- no changes to water quantity/quality, so no commensurate changes to NPDES"

(any changes to facility description = communicated to MDEQ

4. Ag will work w/ DEQ on NPDES Revisions

Q = How is this issue captured via 404 permit conditions?

Es — all plans will be reviewed by and approved by DEQ (identified in AQ response)

- DEQ will determine

(404) permit condition
