properties were sampled, not all required clean up. Only about 20 percent of the
properties, or just more than 800, in no particular pattern, required cleanup. Of
those properties where EPA never gained access to sample, or EPA gained access to
sample, but not cleanup, there are notices of environmental conditions on their
property files, and the State sends an annual mailing to describe the potential or
known contamination and what to do about it to the property
owners.</a:t></a:r><a:endParaRPr lang="en-US"
