Let's limit to public records with a list of exempt documents. Thanks, Janet.

Hi Janice,

I am still waiting on archives to arrive for KMCO & KMTEX, but they may come this week.

In the meantime, I have a question for you:

There is a 2011 Risk Management Plan inspection for KMTEX Port Arthur . There are 238 public pages for this report. There are also 20 documents claimed as confidential business information associated with this report.

Would you be interested in narrowing the scope of your request to public available records only? Or possibly request public records and the list of exempt documents?

Sincerely yours,
