Importance: High
Flag: Follow up

Hello Kathleen, Stiven, Dawn, and Felicia,

Attached please find a manuscript evaluating PFAS toxicity to zebrafish. AN to OW, OPPT, OLEM, and Region 4 (has GenX and ADONA).

We are sending this as part of ORD's Advanced Notification policy and procedure. Please review this document or delegate the review to appropriate OLEM or Region personnel.

The goal of this pre-notification is to ensure there are no policy statements contained within the product or factual errors regarding programs and to avoid surprises of published data relevant to the activities of our program and regional partners.

Please return your review to me by COB May 31, 2019.

Many thanks,
Andrew Geller
