Keith,

As agreed, I performed my review of the Environmental Evaluation section of the TGTI Deepwater port license application for completeness in order to be considered an environmental impact statement. Please see attached. I have also placed a copy of the TGTI Coast Guard license application on the share drive at:

H:\6EN\6EN-WS\Texas Gulf Terminals Inc Project\

Please review my comments and revise it to your discretion before submitting the comments to Rob Lawrence on 5/24/18. I will be back in the office on Monday 7/30/18
