Good morning folks. The roll-offs are NOT ABANDONED!

Myself, along with staff members from Las Vegas were on-site during the week of June 10 to drive the area using the LV scanner van and rad buggy. We didn't find anything related to Ra-226.

I spoke with the OSC the other day and these roll-offs will leave the site by Friday June 28.

Again - these roll-offs are NOT ABANDONED!

Please write/call if you have any questions/comments/concerns.
