Dear TRI Facility,

EPA has received your certified TRI-MEweb submission and your facility now has the opportunity to review the data before it is released to the public.

Your facility has an electronic Facility Data Profile (eFDP) awaiting your review in TRI-MEweb. The eFDP is a TRI reporter's sole opportunity to review the data they have submitted to EPA before it is released to the public.

TRI-MEweb submitters may gain access to their eFDP by logging into their CDX account, clicking the "TRI-MEweb" link to launch the TRI-MEweb application, and navigating to the "eFDP" tab.

If you have any questions regarding this email, please contact the CDX Help Desk at the phone numbers listed below for further assistance. Please reference the information below when contacting the CDX Help Desk.
