Sounds good. If you don't mind, please redline any changes.

Subject: Hold off on signing

Terry,

We have some internal hoops that we need to jump through before I can officially present you with a CAFO for DBM to sign. I'm also going to add some language to the CAFO indicating that we've received concurrence from DOJ to take a case more than 12 months old as required by the CAA. There may me some other minor, non-substantive changes as well. I'll keep you posted and send you a "final" final version via mail. Sorry for the confusion.

Matt
