Mr. Mike McEver, Grady County 5/12/2020

TO EPA

cell (405) 317-4098

⇒ Creek still "hot" (still about 5,000 mg/L TDS)

Special Energy Corp.

landowner upset / concerned

- sent to OSU + has had a 3rd party testing

  ↳ insurance co. still has 1/2 mile on it.

- Claims they are altering test Results.
- Ranged b/w 4,000 (mg/L ppm) TDS to 18,000 mg/L TDS
- flow path not Remediated completely

⇒ trib. of Wild horse Creek - line blew out on another land owner

493 OT

OERB ?

OCC ?

Shawn Coslett

↳ maybe open w/ OCC
