A Notice of Intent (NOI) requesting coverage for Milagro Mesa Subdivision Phase 2, Cardiff Ave NE, under EPA's Construction General Permit (CGP) was certified and submitted through NeT by Bob Prewitt (prewitt@swcp.com), and is undergoing its 14-day review period. The NPDES ID is NMR1001PL.

For additional information about this NOI, you can access NeT using your Regulatory Authority CDX account at https://cdxnodengn.epa.gov/oeca-cgp-web. Once logged into NeT, use the filtering options to find the applicable NOI. You may use the labeled buttons to Reject or Place the NOI On Hold. If the NOI is Rejected, you will enter a Reason for Rejection and a task will be sent to the Certifier. If the NOI is Placed on Hold, it will stay on hold until you take further action. The Certifier will be notified of any actions taken. If no action is taken, the NOI will be automatically approved and submitted to ICIS after 14 days.
