David,

Please discuss these matters with your team. If you have any questions, or, would like to do any follow-up, please let me know.

Please also note the problems with the "check boxes" in the permit application we discussed during our meeting.

David,

I have finally gotten around to putting my notes on paper. These are the topics we discussed on May 20, 2015. The first section was answers to my specific questions regarding the offshore permit. The second section is a list of comments we made regarding future General Permits. Please forward on to David Gillespie, as I do not have his email (I'm hoping that I have at least spelled his name correctly).

I'm sharing this also with Matt because he is much more knowledge on the permit, and the issues that we have come across in prosecuting violations. He and/or I may have additional concerns in the future, but after a quick review shortly after our phone call, these seemed to be the items we are most concerned.

Let me know if there are any questions.

Thanks,

Maureen Kennedy
