For LDNR,
Gary Snellgrove, Director of LDNR Environmental Division, 225 342 7222.
If UST, I believe LDEQ may have jurisdiction.

Subject: RE: Ex. 6 Personal Privacy (PP) Tallulah LA

Good morning,

Mr. Ex. 6 Personal Privacy (PP) has once again contacted us regarding his contention that there is an UST on his property. To better nail this down, what division of the LDNR should I contact to see if LDNR or LDEQ has been to the property to assess why Mr. Shaw thinks there is a tank there? Any specific contact I can call?
Thank you,
Heather Mann

Subject: Ex. 6 Personal Privacy (PP) Tallulah LA

Bryant,

Over the past year or so, we've fielded several telephone complaints from Mr. Ex. 6 Personal Privacy (PP) of Tallulah, LA; the latest was fielded by our UST folks (see below). His general complaint is soil and air pollution related to a buried tank, abandoned wells, and pipeline activities of Ex. 6 Personal Privacy (PP). After determining that EPA has no formal jurisdiction regarding his complaint, we referred him to LDNR, and last recommended that he seek legal guidance on any civil impact related to his property. The State UIC program director says that no injection wells operate near his property and that LDNR has identified no issues of noncompliance regarding Mr. Ex. 6 Personal Privacy (PP)'s complaints. Mr. Ex. 6 Personal Privacy (PP) has also requested information from LDNR on many occasions; the primary contact with LDNR for his complaint is attorney Jim Devitt in Baton Rouge 225-342-2614. To my knowledge, no one from Region 6 has ever visited Mr. Ex. 6 Personal Privacy (PP) or his property to evaluate the condition of his property or any of his health complaints.

I appreciate your willingness to possibly investigate Mr. Ex. 6 Personal Privacy (PP) complaint the next time you travel to far eastern Louisiana. Mr. Ex. 6 Personal Privacy (PP) can be reached by phone at Ex. 6 Personal Privacy (PP) his property is located near Tallulah, in Madison Parish, just east of Delhi. Let me know if you have any questions.

Best regards,
Mike

Subject: need help with ldeq

good morning,

fran (verhalen), our new chief, gave me your names. I need a contact name/number for louisiana deq that handles salt water disposal wells/casings. I have a citizen calling about a company coming on his property to deal with this – details from him are sketchy, but I will get him somebody to talk to. (not really my job, but I get these calls from time to time). any help will be appreciated.
thanks,
