To whom it may concern:

Under the freedom of information act, I like to respectfully ask for copies of the following:

1. Initial EPA report on Andersen Air Force Base, Guam making it a superfund site. I like to have the maps filed with the findings.

2. Initial findings report on Andersen Air Force Base, Annex, (AKA) Marbo. I would also like to have the maps list of chemicals found and maps filed with the report making Marbo a superfund site.

Thank you for your attention
