Subject: RE: Call to Discuss a Compliance Plan for the Thomaston Compressor Station

Jason,

That time works for us as well. I'll send along the meeting invite shortly. It will include a phone number and a Skype meeting option to share screen/presentation.

Thanks,
-Zainab

Subject: RE: Call to Discuss a Compliance Plan for the Thomaston Compressor Station

[This email message was received from the Internet and came from outside of Kinder Morgan]

Zainab,

Thank you for spending a few minutes yesterday discussing next steps with us regarding the leaking mainline valve at the Thomaston Compressor Station. We had discussed having a call next Thursday for a more detailed discussion regarding the compliance schedule and associated administrative compliance order. We have reviewed our calendars and would like to suggest scheduling the call for 10:00 AM Eastern on Thursday, August 29, 2019. If this time works for Kinder Morgan, please send an invitation to me and the cc's to this email with the call-in details. Otherwise, we will work with you to identify an alternative time for the call.

Thanks,

Jason Dressler
Acting Chief, Air Section 1
Air Enforcement Branch

Subject: Contact information

Jason and Cesar,

I appreciate you taking the time to speak to me today regarding the Thomaston Compressor Station OOOOa compliance plan. To reiterate from our conversation, we are waiting on the signed and finalized applicability determination before any administrative order can be issued. In the meantime, you will be reaching out internally to determine if the administrative order is the appropriate next step, and will provide me a status update by next Wednesday, August 21. Hopefully, if the determination is issued next week, then we will be able to schedule a follow-up call to begin the conversation of what the administrative order might look like, potentially to include monitoring requirements and a repair schedule.

Please let me know if I have mischaracterized any of the above. I look forward to working with you both on this going forward.

Thanks,
-Zainab
