Subject: RE: Southern Natural Gas NSPS Applicability Request for mainline valve

Todd,
I believe Nikki and I attended a meeting with the company and EPA on June 11, 2019, to discuss this issue. As a result of that meeting, the company was going to provide us with some additional information. I do not believe the company has provided the EPA with the requested information.
Best,
Denis

Denis – please see below as it pertains to NSPS Subpart OOOOa. Is this something that we need more information about since it's Subpart OOOOa related?

Shilpa and Todd - Please see below. I assume this does not pertain to the NESHAP Subpart 6B facilities you are developing. Please let me know.
