Ivan

I have attached a copy of the draft pre-proposal RFP showing the ER priorities.

Our priority here in Eastern Region is to fund those applications that were submitted in 2015 and recommended for funding but not funded/fully funded due to reduction in 319 Grant Program. We will prioritize the applications and fund as much work as possible given the available grant program dollars.

Please let me know if you need anything more.

Thanks

Tonya

Subject: notes from this morning meeting

Greetings.

As a team,

From this morning meeting, we are recommending the following (Tonya, sorry you were not available for the meeting):

1. To have a statewide RFP

2. Concise, as similar as the pre-proposal RFP from 2015

3. For on-going projects, we are willing to accept an updated application from 2015's RFP

4. Have a website announcement as well

5. Provide guidelines, including a sample NPS agreement and a downloadable fill-able word document for applicants to fill out

6. Update the priority activities in Section C of the 2016 RFP , by Friday, June 10th, 2016 (to be received by headquarters)

7. If possible, your comments on the RFP are welcome, by 6/10

8. The RFP will run, as referenced in the draft RFP, from June 20th – July 15th. 2016

9. Your comments?

10. Did I miss anything?
