Subject: RE: EPA Regional Administrator Benevento invitation

Hi Diane,

I have attached a list of RAQC members and their affiliations. I am sure Doug knows many of these people.

Below I have included a list of potential topics that members may want to discuss based on past discussions we have had. I would suggest that Doug plan to give 10-15 minutes of overview remarks on anything he wants to cover. He does not necessarily need to cover any of these items in his opening remarks unless he wants to.

- Cooperative Federalism in Region 8
- Region 8 and national air program priorities
- Timing of EPA action on Colorado's submitted Moderate Area State Implementation Plan for the 2008 Ozone standard Abby
- Timing of nonattainment designations and implementation timeline for the 2015 ozone standard Abby
- Options for dealing with background ozone and exceptional events in preparing SIPs and implementing ozone standards in the intermountain West, including Colorado Richard
- Potential withdrawal of Oil and Gas Industry Control Techniques Guidelines (CTG) and NSPS OOOOa and the impact on Colorado's recent actions Abby and Cindy
- Potential withdrawal of the Clean Power Plan Laura
- EPA's proposed reconsideration of greenhouse gas emission standards for Light-Duty Vehicles Laura

Please let me know if you or Doug need more information or have any questions. We are looking forward to Doug's visit on February 9th.

Ken Lloyd

Jep/Ken,
Doug would like to bring one person with him on February 9, at 9:30am. Is that ok?

It will be Monica Morales, the Director of our Air Program.

Also, per my previous message, do you happen to have list of the topics/or questions he members might have, as well as a list of your attendees.
He doesn't use a PowerPoint presentation, he prefers open communication.

Ken,

I have blocked that time. No need for an advance call but a list of the topics would be appreciated, as well as a list of your attendees.
He doesn't use a PowerPoint presentation, he prefers open communication.

There is always the chance for another interruption to the best of plans so what number do I use to call you if something comes up? I do have Jep's number.

Thank you,

Thanks Diane. Could we tentatively reserve the entire block between 9:30-10:30. Our meeting starts at 9:30 but it takes us 10-15 minutes to go through routine preliminary items. We could start with Doug at 9:45 and have a 45 minute or so conversation. As Jep mentioned, this will be fairly informal. I will be happy to talk with Doug in advance of the meeting and brief him on some topics the RAQC members might want to discuss.

Our offices are just a couple of blocks away at 1445 Market St. (Denver Chamber Building).

We will survey our members and confirm with you before the end of the week. Thanks for helping set this up.

Ken

Ok. How about either 9:30 to 10:00 or 10:00 to 10:30 on Friday, February 9? I will hold as TENTATIVE until you can confirm with your board members.

If that isn't a good date/time, we can look at March.

Yes, it would be the same time frame. We can accommodate anything within that block. If that date works for Doug, I will need to survey our members to confirm this date works for a majority of them.

Gentlemen,

February 9 is possible. Are we looking at the same time block for that date?

Jep -- Looks like I beat you to the punch maybe. We also talked about maybe moving our February meeting to Feb. 9 because of a symposium being held on Feb. 2. I asked Diane to check that date as well. We could also meet March 2 if necessary. Ken

Thanks, Diane.

The RAQC is also scheduled to meet on Friday April 6 and Friday May 4. Can you check and see if either of these dates might work?

Can you give me some other dates in 2018 we could look at? He confirmed he wants to meet with the RAQC.

Thank you,

Subject: Regional Administrator Invitation
Importance: High

Diane:

As follow up to our call this morning and as an appointed member of the RAQC, I am writing to extend the invitation described below. I am copying Ken Lloyd, Executive Director of the Regional Air Quality Council (RAQC) who can help with additional detail and logistics as needed.

What: Regional Air Quality Council (RAQC) board meeting

When: Friday February 2, 2018, (930am-1200noon – Doug can join us anytime during this block of time that his schedule permits) (if 2/2 does not work, we also meet on other dates in early 2018 as well)

Where: 1445 Market Street, 4th floor, Denver, CO.

Purpose: The RAQC is the lead air quality planning organization for the Denver metro and the Front Range. We coordinate and work closely with the USEPA as well as the CDPHE on air quality matters and implementation plans. We would appreciate the opportunity to have Regional Administrator Benevento join us to share his thinking, priorities and approach as Regional Administrator as well as his perspective on air quality generally and ozone compliance in particular. This can be relatively informal. We don't have a particular amount of time in mind, but we generally have speakers make remarks for 10-15 minutes and then take questions for 10-15 minutes. We can set up a screen if he would like to work from a powerpoint deck or other document. This is not a hostile audience and many of us know Doug so he will have many friends in the room.

Thanks for your attention to this invitation. Please respond to both Ken and me when you can.
