Yay ☺ keep in mind this is just an example and its based on the current ECL permit. Our new ANMP template will have some additional requirements…like the site specific operation and maintenance procedures for manure storage facilities we talked about at our meeting.

Got it! ☺ I'll share it with Andrea here.

Thanks so much for forwarding it and I'm glad the FTP site worked.

Thanks for trying, I appreciate it. Guess the file is just too big … we don't have any file size restrictions (at least that's what I've been told by our IT folks) as I've received/sent e-mails in excess of 15 MB.
I look forward to hearing from you later on re: the FTP site once you touch base with your tech guys. If it's not possible to set one up and if our on-site meeting isn't scheduled to take place for a while, is it possible to mail a copy of the ANMP?

Can you try to send it unzipped? Our e-mail system doesn't like zip formats and will automatically remove them.

Hi Christy/Andrea,
Did this work?
