Hi Scott: Talked w/ my supervisor (Sue Elston, acting for Wendy Melgin) and EPA will request the case for probable restoration and maybe penalties depending on how bad an actor, how much money made etc.....

Greg,

Good morning. I was wondering if you were still looking at the Blue Lake Campground violation on if you are going to take it? We have received additional information about fill along with an after-the-fact permit and the signed tolling agreement. I have not seen it yet as it was mailed to the district office and sent through legal council. I think before they sign the tolling agreement, they were waiting to see if the EPA still had interest.

Thank you
Scott
