Subject Re: STAR grant R-830758

Thanks, Kacee, this is very helpful! - Philippe

>>> <Deener.Kathleen@epamail.epa.gov> 6/21/2007 3:59 PM >>>
Hi Philippe,

I have forwarded you request and my approval to our Grants Administration Division. The new end date for your grant with a 6 month extension will be 11/05/2007.

On a separate note, the annual reports for your STAR grant (technical and web summary) are due on or before 08/05/2007. The final reports (technical and web summary) will be due on or before 02/05/2008.

When you submit the annual reports, please send copies of any grant-related publications and also your most up-to-date IRB approval. For guidance on STAR reporting requirements, including format and required information, please see the NCER Web site at http://es.epa.gov/ncer/publications/terms/tscs99.html

Please let me know if you have any questions.

Thanks!
Kacee

Also - FYI - I received the abstract book in the mail today. Thanks!

Subject STAR grant R-830758

Dear Kacee,
Thank you for the supplement that allowed us to invite US speakers to the conference in the Faroes last month. I am not writing to request an extension of the "parent" grant. The reason is that, although the supplement was awarded about two months ago, the award first letter for some reason did not reach HSPH, and I did not formally receive the grant until a couple of weeks ago. The budget includes travel costs and personnel expenses, and we have just started charging to the grant. Some expenses will not be final for a while. Because the conference support was issued as a supplement to the existing STAR grant, scheduled for completion now, I need to request an extension. If possible, I would like to ask for a 6-month extension. If you need any further information in this regard, please let me know.
Best regards - Philippe

Hi Michael,

The PI on STAR grant R830758 has requested a 6-month no cost extension (please see below), and this email serves as my approval of this request.

Please let me know if you need additional information in order to process this request.

Thanks,
Kacee

Hi Philippe,

I will need an email from you requesting the extension and explaining the reason(s) for the extension request. Just forward the request to me via email, and I will approve it and forward it to our Grants Administration Division.

- Kacee

P.S. Due to the supplement and the delays in getting all the travel documentation from the speakers, we need to ask for an extension of my STAR grant R-830758. Can this be done informally, or should I ask our finance office to handle this? Best - Philippe

>>> <Deener.Kathleen@epamail.epa.gov> 6/19/2007 8:50 AM >>>
Hi Philippe -

I heard the conference was a great success, and I saw all of the media coverage! That's wonderful! I'm really sorry I couldn't attend. I wanted to, but it's very difficult in my office to receive approval for international travel.

Yes, please do send me a copy of the conference abstracts for my files. FedEx address is:

Room 3113-N
1025 F Street, NW
Washington, DC 20004

I will also look at the updated Web site for presentations and conference highlights.

Are you still planning to publish the conference proceedings in a journal? If so, I would be very interested in having electronic copies of the publications, if possible.

Congratulations on what sounds like a very successful conference!

- Kacee

Subject: Faroes conference

Hi Kacee - We much appreciate your help in supporting the recent conference in the Faroes. I believe that it was a great success. Do you want a hard copy of the abstracts volume from the Faroes conference? We can send it to you from Boston (I carried an extra copy with me in case you were interested). If yes, pls provide mailing or FedEx information. The conference web site (www.pptox.dk) has been updated, and all abstracts can be downloaded, also the conference conclusions, most of the posters, a selection of slide presentations, and photos of conference highlights. We are now working on the final accounting... Cheers and thank you again! - Philippe
