Request for Initial EPA Pesticide Production Report

§ **40 CFR § 167.85(d) requires that a new producer must submit an initial pesticide production report to EPA <u>within 30 days</u> of the first registration of each establishment the producer operates. The initial report, EPA Form 3540-16, can be found at the website indicated below. Submit the completed, signed form to this office as soon as possible.**

§ Thereafter, operators must submit annual pesticide production reports for each establishment <u>no later than March 1</u> of each year, even if the producer has produced no pesticidal product for that reporting year. EPA's Office of Pesticides Programs will send your company's headquarters office a reminder notification card by mail in December of each year, containing the website where the annual report forms can be obtained.

§ If there are any changes to the name, address, type of ownership of the establishment at any time after the first report is submitted, you are required to notify this Regional Office, in writing, <u>within 30 days</u> of the change.

§ If at any time in the future your company no longer produces pesticides and you would like to inactivate your establishment number, please submit a written request to this Regional Office. You will still be required to submit a production report for that reporting year.

NOTE: On-line registration information and forms can be found at:
http://www.epa.gov/compliance/monitoring/programs/fifra/establishments.htm.
submit initial or annual reports within the stipulated timeframes may subject your producing establishment to an administrative civil penalty.

Larry Weidman, Owner
Reintjes Marine Surface Technologies, LLC
3800 Summit Street
Kansas City, Missouri 64111

Dear Mr. Weidman:

NOTICE OF WARNING
Establishment Number 89101-MO-1
Location: 3188 Mercer Street, Kansas City, Missouri

This Notice of Warning is issued pursuant to Section 7(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, and notifies you that your company has violated Section 12(a)(2)(L) of FIFRA by submitting a late annual pesticide production report to the U.S. Environmental Protection Agency. Pursuant to Title 40 of the Code of Federal Regulations § 167.85(d), annual reports for pesticide-producing and device-producing establishments must be submitted for the previous year by March 1 of each year, even if no pesticide products were produced during that reporting year. Your 2015 annual pesticide report was postmarked March 31, 2016, causing your company to be in violation of Section 12(a)(2)(L) of FIFRA.

The EPA has determined this NOW is an appropriate enforcement response, as this is your establishment's first FIFRA Section 7(c) violation. The EPA will initiate civil penalty proceedings and seek penalties up to the statutory maximum of $7,500 for subsequent FIFRA Section 7(c) violations. If you have any questions concerning this matter, you may contact me at (913) 551-7993, or by email at boatman.brandon@epa.gov.

Sincerely,

Brandon Boatman
Section 7 Coordinator
Pesticides Section
