Sirs:

During January 1981, I filed applications with your office to cover our operations, and as of this date, I am not sure whether a registration number has been issued. Since we will resume operations in the near future, I would appreciate it if you would check our status and inform me whether additional information is needed.

NOTIFICATION PART A?

We limit our business to cleaning fuel oil tanks. At the job site, we separate the good oil from the sludge, and bring the sludge (approximately 200-400 gallons per job) to our yard. The sludge is placed in a holding tank until approximately 5000 gallons is accumulated. At that time, a licensed hauler picks up the sludge and takes it to a licensed disposal site.

Please advise of our status, and if any additional applications are required, please forward them to me as soon as possible.

Very truly yours,

John Boylan
