To: Adams, Adam [Adams.Adam@epa.gov]; Jillian Layton [Jillian.Layton@Tceq.Texas.Gov]
Subject: TPC Modeling/Trajectory Methodology

CTEH used a program called HYSPLIT provided by NOAA to try to predict potential areas that incident related debris might be expected. CTEH used several altitudes in the trajectory predictions. They are available to meet with TCEQ & EPA today to discuss the model and results and answer questions. Thanks!
