Hi Tom & Iris,

Thanks for starting on this. I've added a number of suggestions. Can you please look at this, edit as needed, and send me a clean version for one more quick round of editing by each of us? It would be super if I can have that by early tomorrow morning. I'll return quickly and then we can send to panel members by early afternoon. Does that sound ok?

So for talking should we plan on 10am? I'm flexible.

Thanks!

Best,
Amanda
