INFORMAL NOTE

Date: August 2, 1994

To: Michael Murphy, USEPA, Region V

From: Melda Rafferty, DOE Portsmouth Gaseous Diffusion Plant

Enclosed for your information is a copy of the May, June, and July 1994 monthly status reports on the NESHAPS audit findings from your March 16-19, 1993 inspection. I apologize for not being able to spend more time with you during your recent inspection. Next year, we will just have to make sure the State plans better. Our site people who attended the NESHAPS training really found it worthwhile. We're glad you let us be part of that activity.

Let me know if you need anything and I will talk to you soon.
