Mike:

Officially, GLDD says they will be done on Sunday.

I however believe that GLDD will not be finished on Sunday. I am hopeful that GLDD may finish on Monday. I will be covering all weekend and Monday if you have any questions feel free to call me.
I will continue to send out daily updates at the end of every day.

John,

Is the schedule the same for this weekend? Finish by Sunday or is Monday going to be a work day?

Thanks.

Mike

Mike, Amy;

Work scheduled for RM 10.9 RA on Friday May 23 will start at 7:00 AM. Scheduled work includes the continued placement of the sand habitat layer south of the no dredge zone.

Work completed on Thursday May 22 consisted of the placement of the habitat layer south of the no dredge zone.

Please feel free to contact me with any questions.
