Would it be possible to get the sediment characterization figures sooner?

Jennifer:

I am hoping to get them by Friday.

Great, Thanks Rob. We had no issues with the revisions and will send out the agenda and final meeting minutes out to the attendees shortly.

Has the CPG prepared the presentations for next week's meeting? I'm hoping to have a copy of those presentations ASAP (or by Thursday the latest) to get out to the attendees. Let me know what you're thinking.

Thanks,

Jen
