Eugenia:

Hope that all is well with you!

Rob's on vacation until 7/16 (really!).

Attached are three (3) summaries of daily field activities for the SV CWCM High Flow event #2.

Thx,

Bill P.

Hi all,

I did not get an email on your field activities on either the CWCM high flow event sampling or the large volume sampling. You may have sent it to Stephanie while I was on vacation and now she's on vacay. Can you send it to me please?

Thanks,

eugenia
