Subject: Submission of Updated LPRSA RI_FS Study Schedule
20131220_LPR RIFS Schedule.pdf

Stephanie:

Per EPA's request, attached please find an updated LPRSA RI/FS Study Schedule (Schedule). This should be considered a work-in progress at this time due to the uncertainties associated with EPA action on the outstanding RI data reports. We would like to continue discussion of the Schedule and the concept of "Milestone" meetings when we get together in January.

Happy Holidays,
Bill P.
