Cheryl – These are the two I was going to send to WDNR. These are the right reports, correct? If they are, then Chuck can use these as well.

Hello Jennifer and Karen:

Linda Holst has reviewed the report and it is ready to be uploaded to the website. The photo log appears to have a lot of black squares this is because WECA redacted many of the photos because they contained PII. Please let me know if you have any other questions.

Sincerely,
