Subject: Updated Notification Form – 40 CFR Part 60, Subpart JJJJ
Williams Field Services Company, LLC
Fraser Compressor Station - Susquehanna County, PA
Reciprocating Internal Combustion Engine

Dear EPA Administrator:

In accordance with 40 CFR Part 60.4245 of the Standards of Performance for New Stationary Sources for Station Spark Ignition Internal Combustion Engines (SI ICE) and 40 CFR Part 60.7(a)(1) of the Standards of Performance for New Stationary Sources General Provisions, Williams Field Services Company, LLC is providing you updated notification of applicability for the RICE units that will be subject to Subpart JJJJ (please see attached documentation) for the above-referenced facility. This information supersedes the initial notification form that was previously submitted on October 22, 2012. The units are considered new stationary RICE under NESHAP ZZZZ since construction commenced after June 12, 2006 and will meet the requirements of NESHAP ZZZZ by meeting the requirements of NSPS JJJJ.

We are providing this updated notification both to you and the Pennsylvania Department of Environmental Protection.

Should you have any questions or require additional data regarding the unit(s), please contact me at (570) 319-1800.

Respectfully submitted,

Dale Ann Buchanan
