Subject: EPA Comments RE: HPNS Draft Final Parcel G Removal Site Evaluation Work Plan RTCs

Dear Paul,

Thank you for providing the attached RTCs on the HPNS Draft Final Parcel G Removal Site Evaluation Work Plan. Attached is EPA's review of these comments. Please note the following:

1. Because reference background sampling, which is outside Parcel G, is a priority, to avoid unnecessary delay of field work, EPA's initial review has focused on the portions of the RTCs relevant to that work. These are highlighted in yellow in the attachment. We have also made an effort to give preliminary comments now that also address the later work in Parcel G for soil and buildings. However, further comments about Parcel G work may be sent later to supplement this set of comments.

2. Because a revised document was not provided to EPA yet, we understand from an email from Derek Robinson on May 14, 2019, and from a verbal discussion at a Navy conference call the same day that the Navy will first review these EPA comments and then next provide pages of the revised Parcel G Work Plan text reflecting the incorporation of the RTCs. As we stated earlier, EPA will review the forthcoming revised text relevant to reference background to confirm resolution of comments and then consider partial approval of the Work Plan for soil reference background testing.

Please contact me at 415-947-4187 if you would like to discuss any of these comments further.

- Lily

Subject: HPNS Draft Final Parcel G Removal Site Evaluation Work Plan RTCs

BCT,

Please see attached RTCs on the HPNS Draft Final Parcel G Removal Site Evaluation Work Plan. The RTCs are in response to all comments received (December and April).

I am requesting a response by 5/21 to maintain the scheduled Final document distribution on 5/31.

Please let me know if you have any questions or if I can assist with walking through the responses.

Thank you!!

V/r,
Paul Stoick, P.E.
