Lachala. Here are docs from MO with early cert for ozone and select SO2 data. Pls share with appropriate folks for SO2.
I will retain for the grant file purposes.

Thx!

Amy, Mike

The 2015 Missouri statewide ozone and select sulfur dioxide ambient air monitoring data certification letter and the supporting AQS reports are attached. Hard copy of the letter and copies of the reports are being mailed, shortly. We plan on certifying the remaining statewide air quality data by the July 1, 2016 deadline.

Please let us know if you have any questions.

Thank you.
