Subject: RE: Review Requested: WHO Air Pollution Conference - Annotated Agenda and USG Activities

Hi Maya,
We have passed along the names and email addresses of all the US Del members for the WHO Air Pollution Health Conference, as well as other agency contacts from your earlier email communications, to the person who handles Jane Nishida's calendar, and she should be sending out an Outlook invite shortly. Jane Nishida is only going to be back in the office on October 24, between international trips, so has a very packed schedule. We want to have her scheduler communicate directly with the invitees, in case any changes occur.

ALSO, please be advised that we are not going to be able to get all of our EPA comments on **the Draft Action Agenda** and **List of Proposed Commitments** until **COB Monday**. COB today just does not provide enough time to get the eyes we need on the document, especially being a Friday.

Thanks, and have a great weekend.

Ted

Subject: FW: Review Requested: WHO Air Pollution Conference - Annotated Agenda and USG Activities

Hi Brianna and Ted,

Happy Friday! I am hoping you/EPA will organize our next delegation call on 10/24 since Jane will participate. When you have a moment, would you mind sending a calendar invite and call-in to the del?

Also, just a heads up that I have a mandatory staff training next Wed. from 9-12pm so may not be able to join.

Many thanks,

Maya

Hi All,

Maya, thanks for this. We would now like to hold the US delegation call at 10am on Wednesday, 10/24, rather than 9am.

Thanks,

Brianna

Subject: RE: Review Requested: WHO Air Pollution Conference - Annotated Agenda and USG Activities

Dear All,

Thank you again for joining the delegation discussion this morning. In follow-up to our call, here are the action items and additional documents:

1. **Draft "Action Agenda"** – Please review and provide any edits or comments in track changes by **COB Friday, 10/19.** We'll compile and share USG comments with WHO early next week.

2. **List of proposed commitments** – This is for reference only and hopefully helpful as you think about what activities we may want to highlight during the final day of the conference (item two from the email below). Again, these can be domestic or international activities/achievements. Please send a bulleted list by **COB Friday, 10/19**.

3. **Delegation Coverage, hotels, and phone numbers** – Also by **COB Friday, 10/19**, Please note on the annotated agenda (item one from the email below) any sessions where you're presenting or wish to cover for the del. During the third day of the conference, we will be limited to only two delegates in the room though an overflow for 100 people is available. Please also send you hotel and phone number to me for distribution to the del.

4. **Final Delegation Call**: Wed. 10/24 9am ET with EPA PDAA Jane Nishida (Head of Delegation). More info and a calendar invite forthcoming from EPA.

5. **Other pending items**: OGA to circulate compiled annotated agenda and activities for additional review next week. We'll also share the comments on the Action Agenda. A delegation meeting in Geneva will also be arranged.

Thanks again and please be in touch with any questions.

All the best,

Maya

Subject: Review Requested: WHO Air Pollution Conference - Annotated Agenda and USG Activities

Dear Colleagues,

I hope this note finds you well. In advance of the First WHO Global Conference on Air Pollution and Health (Oct. 30 – Nov. 1), we would like your contributions to several documents we're preparing for the U.S. delegation.

We'll also hold a brief **delegation call** tomorrow Wed, 10/17 9am-9:30am ET – a calendar invite is forthcoming. This will be a chance to review the annotated agenda together, discuss day three of the conference, and cover del logistics.

We would like your input on the following:

1. **Annotated agenda** – please add any key messages, areas of support, and areas to watch out for/concerns in the attached annotated agenda template. See the attached Conference Program for details on each session. We'll compile the interagency comments and use this to help prioritize USG messages for the final day of the conference during the high-level segment. Please provide input to me (maya.levine@hhs.gov) and Ann Danelski (ann.danelski@hhs.gov) by COB Friday, Oct. 19th.

2. **Commitments/activities to highlight on the High-Level Day (Thurs. Nov. 1)** – Please provide input by COB Friday, Oct. 19th. Based on discussions with several of your agencies, it seems unlikely the U.S. will have new commitments to announce during the conference, but please feel free to send us a brief description of any activities you think the delegation should be prepared to highlight during the final day of the Conference. We'll compile and share with the delegation.

Finally, if you're attending the conference, WHO should have been in touch with you directly regarding logistics. Please be in touch with us if you've not heard from WHO.

We look forward to your contributions and to connecting tomorrow.

Thank you,

Maya

Maya Levine, MALD
