Subject: [epafr-all] Table of Contents, August 12, 2020

A single listserv is used to send a copy of the Federal Register table of contents to each of the previous list subscribers. The e-mail includes links and topic tags for the notices that were previously included in the Environmental Subset Web site and topical listservs. It also includes the table of contents for the Federal Register of that day. Subscribers no longer receive the full-text of FR notices. The official source for the electronic Federal Register is the Government Printing Office (https://www.govinfo.gov/app/collection/FR/). More information is also available from Regulations.gov (http://www.regulations.gov/).
