Thoughts on the PN markup:

Notice that LDEQ has e-mail/fax addresses for submitting comments by EPA appears to only have mailing address for Evelyn. Would be nice if either all went to one place (LDEQ?) and they shared or we also accepted e-mails and then both US and LDEQ shared what we got. Likely to get folks copying both of us and then would have to try to weed out duplicates and whether commenting on LDEQ outfalls or EPA outfalls.

Loop is a joint permit between EPA and LDEQ (with one outfall out in the Gulf). Do you have any comments on this PN?

Subject: DRAFT Mark-up for LOOP Public Notice (PN)

Hi,

Please take a look at the attached mark-up.

I made some guesses, but it seems lop-sided with lots of LDEQ stuff, but not much EPA stuff. Please let me know if more should be added to fulfill the federal requirements for PN. For example, should we include any EPA email addresses or faxes? Will this be posted on EPA website? If so, give that info? Will EPA also send notification of final permit decision to applicant? Can folks be added to the EPA mailing list? Etc……

Please provide comments or let me know if nothing further is needed. (Today would be great or asap).

Also, I am curious, I assume EPA & LDEQ will share ALL comments received with each other??? to coordinate???

Thanks

K
