David

There will be two of you making presentations to the ERB tomorrow. You will follow Kate McManus at 2:30; please dial in promptly at 2:30 so as not to tread on her time. You will have 15 minutes to talk about your developmental assignment and how you think it will fit into your developmental goals.

The ERB members will have the documents you sent me and, depending on how busy they are, may have read them ahead of time. They will probably ask questions.

I will be there, and will be keeping an eye on the clock, since the ERB has other business as soon as you hang up.

Show Time As Tentative

Folks, we suggest that a minimum to prepare for the call, we all review the agenda, the revised planning tasks, and the PowerPoint presentation. As shown on the agenda we'd like OWOW and OWM to very briefly cover the revised planning tasks and R9 to discuss the PPT slides.

The last attachment, a table showing who we think is leading what tasks, might also be of interest. We'd like it to make it accurate.

Meeting material:

1. Draft notes from last time

2. Draft agenda for this call

3. Revised planning tasks (Thank you OWOW and OWM!)

4. R9 PPT proposing a path forward and potential timeline. (Thank you R9!)

a. Slides 1-5 identify the common messaging we propose each Region could use to engage our respective state/tribal/local stakeholders in a discussion about this effort moving towards a joint discussion by the jurisdictions to develop a coordinated plan.

b. Slide #6 identifies FAQ questions that EPA needs to answer to provide guidance to the jurisdictions.

c. Slides #7 & 8 outline a proposed process and timeline for moving forward towards a coordinated effort and committing funds (both grants and contracts) by December 2017.

5. Table proposing leads for planning tasks

Subject Drought and Rangelands Webinar
Location Gulf of Mexico Room
Show Time As Tentative

There is a webinar today concerning Drought and Rangelands. If you are interested, you are welcome to view the webinar in the Gulf of Mexico room, 11th floor.

Presented by SREF & Forest Service Office of Sustainability and Climate

Drought and Rangelands <http://www.ClimateWebinars.net/webinars/drought-rangelands>

Jun 7, 2017 2:00 pm US/Eastern

What will you learn?
Drought can affect the productivity and long-term species composition of rangelands in the western United States, as well as habitat quality for wildlife and forage for livestock. Drought is a periodic and sometimes chronic stressor in arid and semi-arid landscapes, creating challenges for public land managers to ensure that rangelands contain functional ecosystems and provide forage and other ecosystem services. Learn more... <http://www.ClimateWebinars.net/webinars/drought-rangelands>

Presenter(s):

* Matt Reeves, Research Ecologist - Rocky Mountain Research Station in Missoula
* Melinda Smith, Professor of Biology and Director of the Semi-arid Grassland Research Center (SGRC) - Colorado State University
* Mike Pellant, retired range conservationist, ecologist, and coordinator for three Great Basin regional programs.

Session Details: Jun 7, 2017 2:00 pm US/Eastern

Good morning,

Please join us for our bi-monthly All-Day Supervisor Training course. The training will be presented by RTP Labor and Employee Relations specialists and gives an overview of Labor and Employee Relations Topics you need to know immediately as an EPA supervisor.

**If you are located in RTP we recommend that you attend the training in the classroom. If you are participating remotely, please sign in to Adobe Connect with your first and last name, this is so we can send you a survey after the training.

Please feel free to come and go throughout the day, we make every effort to stick to our schedule so you can attend individual topics.

Subject OIG Preliminary Research Kickoff Meeting

Location By phone: Call in number 866-299-3188, conference code 202-566-2906# In Person (DC): DCRoomWest-3225

Show Time As Tentative

OIG plans to begin preliminary research on the EPA controls over the land application of sewage sludge.

OIG's evaluation objective is as follows:

Does the EPA have and implement controls over the land application of sewage sludge that protect human health and the environment?

The purpose of this preliminary research kickoff meeting is to discuss the purpose and objective of our preliminary research, explain the OIG evaluation process, establish contact points and obtain any feedback OW, OECA, OLEM or the Regions may have on the assignment.

The notification memo and the meeting agenda are attached - updated agenda attached 6/12/17.

Participation information:

By phone: Call in number 866-299-3188, conference code 202-566-2906#

ORC has completed the legal review. We have a polished draft of the Decision Document that details how each of the requirements for TAS have been met.

At the March 22nd briefing on this same topic, the decision was to reconvene when we were at this step (draft decision document, prior to transmittal to HQ), to obtain further direction from R6 managers. Attached is the briefing sheet from the March meeting.

Subject 6WQ Sustainability Workgroup Meeting
Location Red River Room
Show Time As Free

Hi All –

I think most of you know I've been back in the Water Division since February in my new role as Outreach and Sustainability Team Leader. In this capacity, Bill would like for me to continue where Tom Ruiz left off last year in forming the 6WQ Sustainability Workgroup, continue to centralize information on 6WQ sustainability work in one place, for the most part in the sharepoint site developed by Tom, the Water Division Sustainability SharePoint site. <https://usepa.sharepoint.com/sites/R6/6WQ/Sustain

ability/default.aspx> , and plan coordinated sustainability meetings and activities for the Water Division and Region.

In view of the many competing and changing EPA priorities, we were waiting for guidance from HQs as to whether we should plan a Sustainability Day this year in Region 6. We've heard from HQs that Regions and Offices are continuing to hold Sustainability Days, so I've discussed this with our sustainability partners in 6MM, that hosted the 2016 Sustainability Day, and they are on board to assist with the planning. This year our own 6WQ Division will lead the planning of 2017 Sustainability Day and I've reserved the 12th floor conference rooms for August 22, 2017 for this event, based on Bill's calendar and that of our partners, Laurie King and Joyce Stubblefield in 6MM.

Therefore, I am scheduling the following two meetings this month:

1) June 14, at 9:00 a.m. with 6WQ Workgroup Members (to discuss updates to the sustainability sharepoint site, anything that is going on in your sustainability world we should be aware of, and start a discussion on planning the 2017 Sustainability Day); and

2) June 21, at 9:00 a.m. with the 2016 Sustainability Day Planners (from all divisions) to begin the planning of 2017 Sustainability Day.

I noticed that the sharepoint site has not been updated for the most part since April 2016, so please go to go to Water Division Sustainability SharePoint site. <https://usepa.sharepoint.com/sites/R6/6WQ/Sustainability/default.aspx> and gradually update it. If you are unable to get into the site, please contact Tom so he can grant you access.

If working from alternate location, you may join by conference call: (866) 299-3188 Conf. Code: 2146657257

I look forward to our meeting next week!

Hi Renea,

Following up, we are available for another call on June 8, 13, or 15, anytime between 9:30 AM and 2:30 PM central time. Please let me know what would work for you, Bill, and the rest at EPA.

Thanks & best,
Liza

Hi Liza. I just wanted to let you know that we're all set on this end for a call Monday, May 8th at 2:30 pm if that still works for you guys. The call in number is 1-866-299-3188; conference code 214-665-7287.

Also, in regard to the 2013 Georgia-Pacific commissioned UAA – we decided it would be easier just to download what we have onto a CD and send it to you. I put the CD in the mail today, 2nd day delivery, so you should have it Thursday. Let me know if you don't get it.

Let me know if you have any questions or concerns. Otherwise, we look forward to talking with you on the 8th. Thanks. Renea

Subject: follow up re: call on Coffee Creek

Dear Renea,

It was a pleasure speaking with you during our conference call on April 12, 2017. A few follow ups:

1) As I mentioned in our call, we have learned that Georgia-Pacific LLC has petitioned the USGS to remove the name "Coffee Creek" on the map from the Coffee Creek stream at its headwaters on Georgia Pacific's Crossett facility property and reassign the name to a currently unnamed stream nearby. I've attached a copy of that petition, as you requested. I've also attached a copy of the USGS's preliminary report on the matter, which summarizes at page 23:
"The source of Coffee Creek on the GP mill site is well attested in all sources that mention it except for the current proposal."

Of course, the USGS name designation does not affect the stream's status as a water of the United States under the Clean Water Act. Nevertheless, I thought the matter may be of interest to you as you engage Georgia-Pacific in upcoming discussions, including about its use of and discharges into Coffee Creek.

2) About the final 2013 Georgia-Pacific commissioned

UAA, we agreed you would send me a copy of the version that EPA understands is final to confirm that we're looking at the same document. Given that the entire UAA file is quite large (i.e. not email-able), it may save time/resources to first send me a copy of the final main UAA document without exhibits. I can use that to compare with the main document I have on file and let you know whether more information is necessary.

3) Finally, let's plan for our next call. I suggest Monday May 8th between noon - 3:30 pm or Tuesday, May 9th any time before 3 pm. Please let me know what works for you.

Many thanks. And, of course, please feel free to call me with questions or to discuss further.

Best,
Liza

The Comptroller, Cory Bonnell, will give us an overview of the basic process and deadlines for 1) timecard approval at the end of a pay period and 2) timecard reconciliation. This will be followed by an open discussion to clarify what employees, supervisors, timekeepers, and 6MD staff are actually responsible with regard to both of these processes. The goal of the session is reduce the workload of all parties involved by leaning the process.

Subject NEI Executive Board Meeting

Location DCRoomWJCS5142;Conference Call-In 1-866-299-3188 Conf. Code (2025642767) (Leader Pat)

Show Time As Tentative

The June 19 meeting of the NEI Executive Board will include a presentation by the Industrial Discharger SIT Steering Committee on the status and progress of the NEI to date. To manage the large number of persons who participate on this SIT, given the limited physical meeting space and to assist the Steering Committee in getting through its presentation, we are arranging the meeting as follows:

1) The entire industrial Discharger SIT is invited to listen to the presentation by conference call (and Adobe Connect if there is a PPT presentation;

2) The speakers (and those who may attend the meeting in person) will be limited to the Steering Committee, managers, and a few other SIT members designated by the Steering Committee.

Department of Labor Webinar Course: Workers' Compensation Presentation for EPA Supervisors and Managers

Date: June 20 Time: 9 a.m. - 11 p.m. Central Time

The course will provide EPA supervisors and managers with an overview of the Federal Employees' Compensation Act. Their presentation will provide an overview of the medical and compensation benefits available to civilian employees when disabled from a personal injury or disease sustained in the performance of their duty, and explain supervisor's roles and responsibilities.

Supervisors and managers can register for the Webinar at: https://epawebconferencing.acms.com/e33nu6l6yig/event/registration.html

People needing a reasonable accommodation should contact Terry Roundtree at (214) 665-6518. Questions about this presentation can be directed to Patricia Hemmer <mailto:hemmer.patricia@epa.gov> , acting National Workers' Compensation Program Manager, at (202) 564-0245.

Hi Sustainability Champion -

You've been identified by Joyce Stubblefield as someone who was instrumental, last year, in the planning and implementation of the 2016 Sustainability Day in our Region. Thank you for having played an instrumental role in such a successful event.

We are getting ready to start the planning of the 2017 Sustainability Day, scheduled on August 22. This year the Water Division will take the lead role in the planning of this event, in coordination with other Divisions. You are invited to participate in our first planning meeting next week on Wednesday, June 21.

If you know of someone else that should be included in the planning meetings, please forward this invite to them or let me know and I'll invite them.

I will be adding documents to this invite, prior to our meeting

next week, that will assist us with our discussion at this meeting. Please RSVP regarding your participation at this meeting and be on the lookout for documents added to calendar invite.

Looking forward to seeing you next week!

… and yes… If working from alternate location, you may join by conference call: (866) 299-3188 Conf. Code: 2146657257

Hello Everyone,

This is a new recurring scheduler for the monthly Ag Issues Forum conference calls. Please accept this invitation in order to have these calls added to your calendar; you can then decline individual calls as necessary.

Call-in number 866-299-3188; 913-551-5028#

Suggestions for agenda topics are always welcome!

Background about the Ag Issues Forum calls:
EPA's National Ag Center sponsors monthly calls focusing on ag issues the fourth Thursday of every month from 2:30 – 4pm ET. Participants in the calls include EPA HQ and Regional staff interested in ag issues and reps from USDA and USGS.

Thanks!

REMINDER: R6 Workgroup Meeting Tomorrow

Agenda & Volunteer List Attached

Please look through Volunteer Assignments and let me know tomorrow if you want to lead or be a member of subcommittee working on particular assignment.

Thanks to all of you that participated in the first planning meeting this Wednesday, June 21. Attached are the notes from the meeting.

Per suggestion made at the last meeting that we meet on a weekly basis, we will be meeting every Wednesday through August 16, from 9:00 a.m. to 10:00 a.m., in the Red River Conference Room. I am sending invite to all suggested by Joyce Stubblefield and those of you that your peers recommended to be invited. If you cannot participate in this workgroup and/or wish to be removed from the list, please let me know.

I look forward to seeing you next week!

I'm adding Paula, Ramon, and David. I think Ramon and David are coming here in July. I'm headed to Chicago 6/25 Since I'll be gone if someone wants to originate these invites from their calendar instead of from mine that is fine with me. I'll see you when I get back.
