Hi Stacey,

I spoke with Joyce Matthews and relayed that the monitoring plan is moving in the right direction. I told her that we are drafting a comment letter to shore up aspects of the plan and also reiterated that we expect a QAPP to be forthcoming and will review the QAPP once it is submitted. Joyce wanted to remind us that LOOP has 6 months after permit issuance to get an approved plan. She also asked about when the permit would go out to public notice.

Selena, Rob Cook and I took a look at the monitoring plan and everyone provided comments/input which Silvia is using to draft a comment letter. Once reviewed and finalized, we can share it with LDEQ. Please let me know if you need anything further.

Thanks so much and have a great weekend.

Taim.
