Friday March 23 10:00
Date that Tim Hardy's office worked out with Odessa. He was still working with the company representatives. Haven't received confirmation yet from them.

Tim Hardy's office called to let me know that they have coordinated with Odessa on the RA's schedule. Friday, February 23 at 10:00am is the available date for a meeting. His office was to coordinate with LOOP next. But we are assuming that LOOP can make that date.

The idea that I had presented to Tim was for an informal meeting without a lot in attendance. But I suspect that we will get guidance from the RA's office on who should attend.
